| Country of Origin | Japan |
| Shelf Life (from Production) | 12 months (sealed, at room temp.) |

Naoshichi, a hard to find citrus fruit

Naoshichi is a variety of sudachi, which is one of green citrus fruits native to Japan. It is called "a hard to find citrus fruit" because it only grows in limited areas in Kochi. Having the unique fragrance and bright acidity, accompanied with a hint of bitterness, the fruit pairs well especially with fish dishes.

Production in small batches. Please ask your distributor for availability.
